J v Sathya Krishna	Present
M Sindhuja	Present
Sneha mol	Present
M Aishwarya	Present
Gummadi Avinash	Present
E Pavan	Present

Notes

- Discussed about layout

Decisions

First, we all went to the two protocols which was send by the sindhuja and sneha and we all them explained what we had understand by the protocols given by them. Both of them are good but some of the changes had made in each of them like in the sindhuja designed layout there are some mistakes in the database design so krishna had make changes in it. And then we discussed about database and made. Now coming to the sneha layout perfect but we had made some changes in the candidate user and the we discussed about the access control of the every user, krishna explained briefly about how system works.
