Notes

- Review of concepts

- Submitted layout by sindhuja and sneha

Decisions

- Krishna revised PHP for backend and explained the points on it.
- Sneha went through PHP but some more part is still left in the PHP.
- Sindhuja revised JAVASCRIPT and MYSQL and working on the database to get more clarity on database.
- Avinash learnt JAVASCRIPT and implemented the basic page.
- Aishwarya HTML and CSS didn't mention any on the points she just went to the html and css and she implement basic profile page.
- Pavan revised HTML and CSS didn't mention any on the points he just went to the html and css.
- Then, Sindhuja and Sneha Designed and submitted layout for the system

Action items

- Discussion about the layout.
